- ❖ **VERSION CONTROL** - GIT, GITHUB
- ❖ **SERVER** - Apache Tomcat
- ❖ **TOOLS** - Maven, Eclipse, Spring Tool Suite, Postman API, Visual Studio Code

### ➤ EDUCATION

#### ❖ Bachelor of Information Technology

Mumbai University

CGPA: 8.89 | (July 2023)

#### ❖ XII (HSC) Science

Maharashtra State Board

68.80% | (Feb 2023)

#### ❖ X (SSC)

Maharashtra State Board

90.20%|(March 2018)

### ➤ ACADEMIC PROJECTS

#### ❖ Felloman (Student Management System)

- Our web-based Student Management System employs the MVC design pattern to deliver robust User Authentication, ensuring secure Login/Signup functionality.
- It offers an intuitive platform for both regular users and administrators, empowering the latter with privileged access to seamlessly view, track, and manage detailed student information. This fosters efficient workforce oversight and enhances organizational productivity.

- Technology Used :-Java, Hibernate, Servlet, JSP

#### ❖ Vmart (E-Commerce Website)

- Developed seamless Login/Signup features, intuitive Homepage layouts, and Convenient Cart functionalities. Implementing responsive design principles for optional viewing across devices, ensuring a delightful shopping journey for enhanced customer experience.
- Technology Used :- Java, Spring MVC, MySQL, Hibernate

### ➤ POSITION OF RESPONSIBILITY

- Successfully led a Six members cross Functional team in a Science project, demonstrating effective collaboration, organization, and to achieve project objectives.

### ➤ ACHIEVEMENTS / HOBBIES

- I have completed **MS-CIT** Certification course.
- I have successfully completed a **Java** (Core & Advance) Certification course.
